Commissions

Thank you for your interest in commissioning an original artwork from me. I'm always excited to collaborate on meaningful, personal, and creative projects.

How the Process Works

1. Initial Enquiry

Let me know all about your idea. Please include:

- Preferred size and medium (most of the work that you see in my studio is in oil paint, acrylic or oil pastels. If you're not sure, I'm happy to offer recommendations)
- Subject matter or concept
- Any reference images or inspiration
- Desired completion date (if applicable)

2. Consultation & Quote

Once I review your request, I'll discuss the details with you and provide:

- A price estimate (please see the Price Schedule section of this document to give you an idea of costs)
- Expected timeline
- Payment terms
- Any additional recommendations for the project

3. Deposit & Booking

To secure your commission, a non-refundable deposit of 40% is required before work begins. This confirms your booking and allows me to plan, resource and begin creating your artwork.

4. Creation Process

During the process, I may share progress updates or sketches for approval. Minor revisions can usually be accommodated at this stage.

5. Final Payment & Delivery

Once the artwork is completed, the remaining balance is due before delivery or collection. Artwork can be shipped securely or arranged for pickup, depending on location and preference.

6. Price Schedule

Below is an outline of the estimated pricing structure for commissioned artwork. Prices may vary depending on the size, complexity, materials, and timeframe of each individual piece.

The information provided is intended to help you understand the typical costs involved and to assist in planning a custom artwork commission.
